

## **DIVISION OF FACILITIES TECHNOLOGIES FACULTY PROFILES**

### **Tom Brumley**

Our newest full time faculty member, he comes to TCI from the New Museum of Contemporary Art in Manhattan where he was the Director of Operations for twelve years. During his time at the Museum, Mr. Brumley oversaw the daily operations of the physical plant while planned two moves of the entire museum collection. He worked closely with the architects and engineers as the Museum planned to build the new facility on the Bowery. Mr. Brumley's credentials include strong arts management as well as experience in bringing a building on line and operating a museum that as the industry knows has the highest demand stable environmental conditions. He is well suited to train our Facility Management Technology students in the daily operations and management of personnel in a new facility.

### **Lennox Alexander**

He has been a part time instructor at TCI since 1992, he is a graduate of TCI and has worked as an Operating Engineer at the Lowes Regency Hotel since 1986. As a graduate of TCI he is sensitive to the needs of the working student who must balance studies, family and work.

### **Hasnally Asrafali**

A graduate in Mechanical Engineering from the University of Guyana and has a BS in Agricultural Machinery from Cranfield Institute of Technology. Before coming to TCI, Mr. Asrafali taught both high school and college in Guyana. He works full time at Barnard College as the Facility Manager/Stationary Engineer at Barnard College. His specialty is troubleshooting and repair of industrial HVAC equipment. Upon coming to the United States, Mr. Asrafali attended TCI HVAC program and was the Class of 1992 Valedictorian.

### **Robert Biviano**

He is a graduate from Pratt Institute with a degree in Architecture. He has taught in the Facilities Management Technology program since 1997. As a licensed architect he has worked in both the private and public sector; with this work experience he is able to guide students in career choices of both municipal and commercial buildings.

### **Isay Bodansky**

He emigrated to the United States in 1989 from the Ukraine where he attended the Kharkov Polytechnical University. He is one of the founding faculty members of the Facility Management Program. He has managed a variety of facilities ranging as well as inspection of construction projects.
